Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Well was dug or drilled (most likely drilled) before 1938. Use is more particularly described as follows: 100 head of stock are watered from well by means of heated watering tanks. Well also supplies owners household uses, such as watering garden, household use in general. Owner also for nominal fee furnishes water to the Pray Bar and Pray Store. Water has been furnished to Pray Store since 1948 and to the Pray Bar for an undeterminate period of years prior to 1938. In all, well furnishes water for more than 12 people plus other uses.

Amount of annual use is impossible to estimate and Las never been measured.
